*The genial skipper of the bark Lady Lampson, Captain W. H. Marston, has got into trouble in San Francisco. He was arrested and had to deposit \$1,000 bail, the Federal Grand Jury having found a true bill against him for "unlawfully aiding and abetting the landing of a Chinese sailor," who arrived at that port in his vessel on the 31st of May.

Mr. Daniel Bone, a ship carpenter employed at the Marine Railway, is building an ark on the Esplanade. That is, he is putting up a dwelling house on a scow, which, when completed, will be launched into the bay, towed to the Marine Railway water lot, and anchored. This strange enterprise is not due to the scarcity of building lots on shore, or to apprehensions of a deluge, but is undertaken upon medical advice for the cure of rheumatism, as living over the water is held to be a specific for that ailment.

The Government is taking steps towards the accomplishment of something in the way of land settlement. His Excellency, Geo. W. Merrill, U. S: Minister Resident, paid an official visit, Aug. 31st, to Admiral Kimberly on board the Vandalia. He was received with the naval honors usually accorded representatives of the U.S. Government abroad. He remained on board somewhat over an hour.

They are next expected to enter the lists with the Honolulu players, when they will doubtless meet foemen worthy of their steel.

AMERICAN CITIZENSHIP.

Not Affected by the Oath to the New Constitution.

We are indebted to the courtesy of Hon. John H. Putuam, United States Consul-General, for the opportunity of copying the following letter of instructions from the Department of State, in reply to his enquiry regarding the status of American citizens who take the oath to support the Constitution of Hawaii. Those citizens of the United States who have registered as voters under the new Constitution will be pleased to find in this letter that they have not thereby forfeited any of the rights or privileges of their American citizenship. This decision is in accordance with the opinion held by the Consul-General all along, being, however, much more decided and emphatic than the Frelinghnysen decision, upon which he based his view of the question:-

Lahaina Letter.

ED. GAZETTE: - A political meeting in the interest of L. Aholo was held a few days ago, but with rather a slim attendance. His platform is decidedly amendment to the Constitution. At this meeting Mr. Aholo challenged Mr. Horner, the Reform nominee, to a political combat to take place, if agreeable, a week before election. It is not known whether Mr. Horner will accept the challenge.

On the 25th instant David Kahanlelio, son of Judge Kahaulelio, of Lahaina, and Annie Haiku were united in marriage by the Rev. A. Pale. The pleasant event took place at the residence of the bride's grand-parents, amid a bost of friends and invited guests; after which all were invited to a grand luau, where luaued meats, vegetables and deli-cacies of all descriptions were served in royal Hawaiian style. Music and dancing were indulged in until a late hour. An enjoyable feature early in the entertainment consisted in the delightful custom of decorating each guest with native wreaths. The happy couple sailed for Molokai this week. David Kahaulelio graduated from Lahainaluna in the class of 1886 with high honors. Hilo Letter-

EDITOR GAZETTE:-Latest advices from Hon. S. G. Wilder are to the effect that he has not succeeded in raising the necessary money from the capitalists with whom he has been in communication, so that our rail-way remains in statu quo. Were it not that we have every confidence in Mr. Wilder ultimately accomplishing his purpose when the affairs of government become settled we would almost begin to feel that Hilo's des-tiny was not to become a vigorous, thriving town. But with a man of intelligence, business capacity and standing that Mr. Wilder has, and fully appreciating the many natural advantages that our town and harbor pos-sess, we feel assured that he will ultimately succeed and that our harbor will be devel-oped and utilized. We feel rather prejudiced in his failure at the present, as if he had been successful there is but little doubt that we would have had the Canadian Pacific steamers make this their Island port, and now is the time to reach for them when they are just beginning to establish their line. Once let the port of Honolulu be accepted it will be hard to place our advantages before them acceptably. We expect that our Government will now be a settled one with a sub-stantial policy and the well being of the country paramount, and this will soon settle confidence in us again abroad. This at present appears the only thing that will facilitate our road.

Let us hope that Mr. Wilder, when he arrives here, will still have such confidence in the future success of his enterprise that he will not let matters stand, but will forward the building of wharves and was
